Dear Hiring Manager,

I am writing to express my interest in sales opportunities with your dealership. My background combines hands-on automotive sales experience with newer experience in tech sales, giving me a strong understanding of customer communication, follow-up, urgency, and how to move people from interest to action.

I have worked in dealership environments across Dodge, Chevrolet, and Mercedes-Benz, where I learned how to build trust quickly, stay consistent with follow-up, and maintain production in both mainstream and premium settings. I also worked in tech sales at LeadPilot AI, selling dealership-focused software built around lead response, automation, and customer communication. That experience gave me a practical understanding of how modern tools can support a dealership without replacing the human side of the sale.

What I would bring to your team is a steady work ethic, strong communication, real dealership familiarity, and the ability to connect with customers in a direct and professional way. I understand the pace of the business, the importance of responsiveness, and the value of staying disciplined every day.

Thank you for your time and consideration. I would welcome the opportunity to speak further about how I can contribute to your dealership team.

Sincerely,

Obadiah Lord
